Kirami Chimney 500 mm

WEIGHT:	1.04 kg

6430036759100

Chimney extension pipe, 500 mm.

Kirami heaters can be equipped with a range of chimneys made from acid-proof stainless steel, with a diameter of 120 or 150 mm. Our range of chimneys includes ready-made sets, individual spare parts and a variety of extension pipes. Straight extension pipes allow you to conduct smoke away from the hot tub more effectively for a smoke-free bathing experience.

Our high-quality factory-made pipes are made out of acid-proof stainless steel. Chimney pipe 0,5 m, 120 mm diameter. Compatible with SUB LT and CULT heaters. Straight extension pipes allow you to conduct smoke away from the hot tub more effectively for a smoke-free bathing experience.
