Kirami Mesh heat shield for 1m chimney

HEIGHT (TUB):	100 cm
WEIGHT:	1.02 kg

6430036759124

Chimney heat protection grates for a 1 m chimney.

Kirami heaters can be equipped with a range of chimneys made from acid-proof stainless steel, with a diameter of 120 or 150 mm. The heat protector around the chimney improves safety and protects against burns. Kirami's aluminium heat protection shield for 120 mm diameter chimneys is compatible with SUB LT and CULT heaters. A heat protection shield improves user safety by preventing users from burning their fingers on a hot chimney.
