The spacious and stylish Drink Arc shelf is the perfect place for holding your drinks and light snacks. The holder is equipped with easy-to-use slots especially designed for holding stemmed wine glasses. The Drink Arc conforms perfectly to the contours of your hot tub. You can also add several of the curved shelves around your hot tub, providing enough surface area and glass slots even for large groups.

Fits M-size (170cm) Kirami hot tubs.

The heat-treated pine used in the outer shell is a Finnish alternative for dark-coloured imported wood. ThermoWood is a high-quality, long-lasting material with a warm brown colour that maintains its shape well.
