Kirami's product range includes recyclable ABS-plastic cover (Acrylonitrile butadiene styrene) for most of hot tub models. A cover is especially useful accessory, with it you can speed up heating of your hot tub, keep the water hot for a longer time and optimize heating performance on the following day. The cover also protects your hot tub from debris and with a cover your hot tub remains clean when empty, and as well it protects inner parts of hot tub from UV-radiation. The cover improves safety especially for families with children and pets.

An ABS plastic cover for 170 cm Kirami hot tubs that use an internal heater (SUB, Sub LT and SIDE). This hot tub side cover covers most of the hot tub, leaving only the chimney and the heater visible.

In order to cover the entire hot tub, you will also need a separate heater side cover, sold separately.
