6430036750947

Durable and high-quality insulated covers for round hot tubs with dedicated versions for both external and internal heaters. A cover is especially useful accessory, with it you can speed up heating of your hot tub, keep the water hot for a longer time and optimize heating performance on the following day. The cover also protects your hot tub from debris and with a cover your hot tub remains clean when empty, and as well it protects inner parts of hot tub from UV-radiation. The cover improves safety especially for families with children and pets. The cover has been standardized (EN 17125) as a safety cover.

This durable insulated cover features an artificial leather finish and is compatible with Kirami Original Woody XL Sub hot tubs (220 cm) that use an internal heater. The heater side of the fence is covered with a separate leather part, which is attached to the cover using adhesive tape. The leather part must be removed during heating. The cover is attached to the hot tub using four buckled straps, which are included in the delivery. The cover can also be folded in half and features built-in handles on sides, making it easy to lift and handle. Locking mechanism includes four buckled straps with safety locks which are included with the cover.
