Kirami Premium Grandy XL

-no heater- Thermowood, Blue

No heater.

The heat-treated pine used in the outer shell is a Finnish alternative for dark-coloured imported wood. ThermoWood is a high-quality, long-lasting material with a warm brown colour that maintains its shape well. The calming sky-blue colour of the interior is an effective stress relief.

The barrel diameter is 284 cm and water volume 3600 litres. It is suitable for 8-12 people. The dry weight of the hot tub is 255 kg.
