A bathing hat keeps your head warm in cold weather, protects it from pesky insects and contributes to a convivial bathing atmosphere. We recommend that you always wear a bathing hat in winter to keep your head warm and decrease your risk of catching an illness. In the sauna, a bathing hat also protects your hair and scalp from the heat. A bathing hat also makes for an excellent gift! Kirami’s bathing hats are made in Finland from artificial felt.Hand wash, pull into shape while wet.

Like a cherry on top of a cake, this bright red bathing hat is adorned with a yellow flower. Would you like to be the summer flower that livens up hot tub and sauna bathing?
