Kirami Oval insulated cover

WEIGHT:	5 kg
PRODUCT LENGTH:	171 cm
PRODUCT WIDTH:	72 cm
PRODUCT HEIGHT:	7 cm

6430036755669

Durable and high-quality insulated cover for compact oval 1–2-person hot tubs. The covers are compatible with models that have an external heater. A cover makes heating your hot tub faster, keeps the water hot for longer and optimises heating performance when the tub is used multiple days in a row. Furthermore, a cover protects your hot tub from debris when you're not using it and improves safety by keeping children and other unwanted bathers out of the tub. A cover also protects the interior of your hot tub from UV radiation. The cover has been standardized (EN 17125) as a safety cover.

This modified cover was made to match our redesigned oval shaped hot tubs. Kirami's redesigned oval hot tubs can be wooden, plastic, with or without a heater, but the insulated cover has a single design to fit all models.

The new cover was introduced in early March 2022. For older covers, please ask for a separate offer and information from your retailer.
