

Kirami Kirami FinVision® -sofa backrest Nordic misty

WEIGHT:	1 kg
PRODUCT LENGTH:	20 cm
PRODUCT WIDTH:	184,4 cm
PRODUCT HEIGHT:	70 cm

The Kirami FinVision® -sofa backrest Nordic misty is an accessory for the sofa designed for the Nordic misty modules. The sofa works perfectly without a backrest when the back cushions of the sofa are supported by the rear wall, for example in a lounge. If there is no rear wall to support it, the optional backrest is very practical.

Backrest for Nordic misty sofa

The sleek and removable backrest, available as an accessory, is easy to attach to the Nordic misty sofa. The backrest is screwed to the sofa legs with the supplied furniture screws according to the instructions. The sofa with backrest can be placed anywhere indoors or outdoors, depending on your preferences or the room design, e.g. on the outdoor terrace.

The backrest is made of the same solid wood as the frame of the sofa. Like the sofa, the backrest can also be treated with paraffin oil at regular intervals.
