

Kirami Annex Family L

Tube-alu TW Deep Black HotTub, Light Gray

The Family hot tub has been developed to take the needs of the whole family into account, regardless of age and physical condition. As part of hot tub's design there a bench that can be used to cool off and children can sit on it more easily. You can rest your back and arms on the specially designed edges of the bench. The design of the bench is ideal to climbing into and out of the hot tub. On top of practicality and easy access the safety is better with the bench. The Family hot tub model has been developed by popular request. Family L is large enough even for bigger groups. The hot tub is heated with an extremely efficient Tube heater, rounded in shape and bronze in colour; it heats even large tubs quickly. It is made out of high-quality marine-grade aluminium.

The outer shell is made out of sleek panels made of heat-treated softwood. The heat treatment improves the wood's resistance to rot and reduces the shrinking and swelling of the wood, when moist. The stylish deep black, surface-treated thermo wood is durable and the paint protects the wood from dirt and UV radiation. This easy-care and recyclable panel material is also used in the Kirami FinVision® Nordic misty modules. The hot tub and sauna look great together thanks to their matching external cladding. Light gray is velvety smooth and delicate dotted inside colour. The soft, vibrant grey of the interior is always timeless and elegant, and it blends in beautifully with the environment.

The barrel diameter is 200 cm and water volume 1930 litres. It is suitable for 6-8 people. The dry weight of the hot tub is 177 kg. The gross heat output of the TUBE-ALU stove is 60 kW and the net heat output transferred to the water is 42 kW.

Technical information

CAPACITY (PERSONS)	6-8
WATER CAPACITY	1930 l
OUTER DIAMETER	200 cm
HEIGHT (TUB)	110 cm
DEPTH	91 cm
