The cushions are always sold as an accessory for the bench module. They are included in the sofa set. If you wish, you can order a set of replacement cushions. The cushions come in two different colours, allowing you to change up the decor to match the spirit of the season, for example.

The fabric of the cushions is also suitable for outdoor use thanks to its waterproofing and UV and mould protection. The fabric is protected with a dirt-repellent Teflon treatment, providing excellent protection when you come from the sauna to dry.
Would you like to dazzle and add colour to your sofa and ottoman with orange cushions? The lovely orange colour adds warmth, guaranteeing that you can conjure up a joyful and attractive environment in your lounge or on your terrace in any season.
