Kirami Covers for angular hot tubs

WEIGHT:	4 kg
PRODUCT LENGTH:	77 cm
PRODUCT WIDTH:	118 cm
PRODUCT HEIGHT:	7 cm

Durable and high-quality insulated covers for angular hot tubs. A cover is especially useful accessory, with it you can speed up heating of your hot tub, keep the water hot for a longer time and optimize heating performance on the following day. The cover also protects your hot tub from debris and with a cover your hot tub remains clean when empty, and as well it protects inner parts of hot tub from UV-radiation. The cover improves safety especially for families with children and pets. The cover has been standardized (EN 17125) as a safety cover.

The BlackIce S insulation cover is a strong and high-quality cover made of synthetic leather, designed specifically for the small rectangular one-person cold-hot tub. The cover is constructed from a single, complete piece. It includes four handy straps with buckles and safety locks, which are always included with the cover package.

Using the cover speeds up the heating of the hot tub water, keeps the water warm longer, and optimizes the heating of the water for the next day. It also keeps debris out when the tub is not in use and enhances safety, especially in families with children. Additionally, the cover protects the interior of the tub from UV radiation. The cover is classified as a safety cover according to the EN 17125 standard.
