WEIGHT:	0.12 kg
PRODUCT LENGTH:	22 cm
PRODUCT WIDTH:	28 cm
PRODUCT HEIGHT:	11 cm

Kirami FinVision® Experience -toiletbag M is a unique collaboration with PURYE.

At Kirami, we wanted to find a meaningful way to repurpose our surplus fabric—something that truly reflects our brand’s essence: sauna and bathing.To protect our products from rain and debris during shipping, we use fabric made from recycled PET bottles. However, each roofcover leaves us with leftover 48x48 cm fabric pieces from the corners.Rather than letting this material go to waste, we teamed up with PURYE to give it a new purpose.

What is PURYE?

PURYE is a brand founded by young entrepreneurs Emil and Niklas, who are passionate about finding innovative ways to reuse discarded and surplus materials. They believe that many materials destined for waste can instead be transformed into something valuable."Even when a material has reached the end of its previous lifecycle, it often has the potential for a new, innovative, and practical use." — Emil Sjölund, PURYE

Crafted with Care

Each PURYE product is made in a small sewing workshop in Sastamala, a town with a deep-rooted tradition in bag craftsmanship. Skilled local seamstresses, experts in Finnish handiwork, ensure that every bag meets the highest quality standards. Thanks to their craftsmanship, PURYE products proudly bear both the Design from Finland and Key Flagsymbols.

Kirami FinVision® toiletbag M bag will always keep your sauna accessories organized and accessible. These unique bags are handcrafted in Finland from surplus materials from our sauna and spa production.

The color of the sauna bag is black.
